

Bottom Stapler

Model B / B PN

The Bottom Stapler model B is primarily used for carton bottom stapling, but can also be used for other stapling needs. This machine is intended for continuous use in packaging departments and in industry. It was therefore designed to be very robust, with a steel tubing frame and wearing parts of hardened steel.

There are two versions available for type JK53 and type JK561 staples.

Its capacity is considerably increased if the machine is equipped with pneumatic drive. For closing long production runs of boxes we therefore recommend the pneumatic model B PN. All pneumatic machines are supplied with a plexiglass safety shield.

When ordering please use the following article numbers:

- 120362** Bottom Stapler B 561
- 120556** Bottom Stapler B 561 PN
- 143052** Repair kit for stapling head 561-12-22
- 400142** Staple JK561-12K
- 400145** Staple JK561-15K
- 400144** Staple JK561-15G
- 400153** Staple JK561-18K
- 400152** Staple JK561-18G
- 400158** Staple JK561-22K

- 120432** Bottom Stapler B 53
- 120564** Bottom Stapler B 53 PN
- 143052** Repair kit for stapling head 53-9-15
- 400130** Staple JK53-09
- 400132** Staple JK53-12
- 400134** Staple JK53-15

Technical data

Length, mm(in.)	920 (36.2)
Width, mm (in.)	750 (29.5)
Height, mm (in.)	1350 (53.1)
Weight, kg (lbs)	39(86)
Throat depth, mm (in.)	400 (15.8)
Free anvil height with foot pedal	860 (33.9)
Free anvil height with pn. drive	1000 (39.4)
Operating pressure PN, bar (psi)	5 (72)
Max. pressure PN, bar (psi)	7(100)
Air consumption per stroke at 6 bar, litre	1
Magazine capacity, staple type JK53	312
Magazine capacity, staple type JK561	300
